**NYS Department of Health  
Office of Health Insurance Programs  
Bureau of Residential Health Care Reimbursement**

November 19, 2019

Dear Provider:

This note is to inform you that recoupment has been suspended for provider adjustments associated with the recently released July 1, 2019 rates. Managed Care plans have also been notified that the recently release July 1, 2019 benchmark rates have been removed from the Department of Health website until further notice. Consistent with past practice, the Department will be releasing a Dear Administrator Letter providing notice to nursing homes regarding the timeline for calculation of new July 1, 2019 rates using the prior calculation.
