

Subject Line: Postponement of Nursing Homes Health Facility Cash Assessment Report

Due to continuing efforts to seek alternative cost containment methods related to the 2% Across the Board Reduction which was implemented effective April 1, 2011, the Health Facility Cash Assessment Program (HFCAP) April 2014 report due date for nursing homes will be postponed until June 16, 2014, the same due date for the May HFCAP report.

Consequently, at this time, the April report cannot be electronically submitted any earlier than June 1st on the www.hcrapools.org website.

Please note, that as a result of this postponement, both the April 2014 and the May 2014 nursing home HFCAP reports and payments will now be due on the same day, June 16, 2014.

Should you have any questions, please contact a HFCAP representative at (315)671-3800.
